

Subscription Policy

Amii Dokan (আমিই দোকান)
Last Updated: January 31, 2026

This Subscription Policy explains how subscription plans work in the Amii Dokan app.

Amii Dokan is a business and POS application designed for shop owners. Subscriptions are used only to manage invoice access limits and do not affect advertisements or other core app features.

1. Free Usage & Default Invoice Limit

Amii Dokan provides limited invoice access by default.

- By default, users can create and view invoices for the **most recent 7 days**.
- This free access is available to all users without any subscription.

No payment or subscription is required for this default usage.

2. Purpose of Subscription

Subscriptions in Amii Dokan are offered **only to extend invoice access**.

When a subscription plan is active:

- Users can access **all invoices**, including invoices older than 7 days.
- Invoice access remains available until the subscription expires.

Subscriptions do **not**:

- Remove advertisements
 - Change account permissions
 - Affect data privacy or security
-

3. How Subscriptions Are Purchased

Amii Dokan does **not** support in-app purchases or online payments inside the app.

- Subscription plans **cannot be purchased within the app**.
- The app does **not** use Google Play Billing.
- Users must **contact our support team** to request a subscription plan.
- After verification, the subscription is **manually activated by our admin/support team**.
- Once activated, invoice access is updated automatically in the app.

There are no payment links, payment buttons, or payment processing inside the application.

4. Subscription Duration & Expiry

- Each subscription plan is valid for a fixed duration based on the selected plan.
- Subscription status and expiry information may be shown inside the app.
- When a subscription expires:
 - Access to invoices returns to the **default 7-day limit**
 - Previously created invoices are not deleted

Users may request renewal at any time by contacting support.

5. Ads & Subscription Relationship

Subscriptions affect **invoice access only**.

Please note:

- Subscribing to a plan **does not remove advertisements**.
 - Banner ads, interstitial ads, video ads, or rewarded ads may continue to appear even when a subscription is active.
 - Ads are displayed independently of subscription status.
-

6. No Automatic Billing or Renewal

- There is **no automatic billing**
 - There is **no recurring payment**
 - No payment information is stored inside the app
 - Subscription renewal requires manual request and activation
-

7. Transparency & User Awareness

To ensure transparency:

- Subscription limitations and benefits are clearly shown inside the app.
 - Users are informed that subscriptions are activated manually.
 - Users are encouraged to review this Subscription Policy before requesting a plan.
-

8. Changes to This Subscription Policy

We may update this Subscription Policy from time to time.

Any changes will be posted on this page with an updated “Last Updated” date. Continued use of the app after changes means acceptance of the updated policy.

9. Contact Information

For subscription-related questions (not in-app purchases), please contact us:
